O que é a PDAD?

- A Pesquisa Distrital por Amostra de Domicílio (PDAD) é realizada pela Codeplan com **periodicidade bianual**;
- O objetivo é fornecer um **retrato socioeconômico** do Distrito Federal e suas Regiões Administrativas;
- Seu principal diferencial é fornecer **informações representativas para todas as Regiões Administrativas** do Distrito Federal, incluindo subáreas para algumas delas;
- Expansão dos resultados utilizando as **projeções populacionais do IBGE**, por sexo e idade, distribuídas no território pela equipe da CODEPLAN/DIPOS;
- Destaca-se que as respostas refletem a **percepção dos moradores**.

An aerial photograph of a city, likely Rio de Janeiro, showing a mix of urban buildings, green spaces, and infrastructure. The image is overlaid with a semi-transparent green filter. In the center, the word "Domicílios" is written in a large, bold, white sans-serif font. The background shows a dense urban area with various building heights, including a prominent tall skyscraper on the left.
